TOPPA

**NEW
PRODUCT
RANGE**

The RECO Toppa is the ideal solution for your agricultural or groundcare requirements. Whether you need the highest quality grass topper for a golf course, recreational park, orchards and vineyards or agricultural land we have five models ranging from 1.5m - 2.8m cutting widths to suit your needs.

Available in 1.5m, 1.8m, 2.4m, and 2.8m cut with inline and offset cutting positions

- Three position bolt-on headstock allows for offset or in-line operation
- Twin timed gearbox drive with reliable Comer gearboxes
- Free swinging blades reduce shock loads on gearbox preventing expensive failures
- Streamlined design eliminates debris build-up and water trapping
- Special parabolic skids minimise field marking
- Easy hitch-up with no top link to connect
- Unique lower link flotation follows the ground closely
- Deep cranked blades keep gearbox out of harm's way
- Easily adjustable cutting height – 60mm – 200mm
- Medium duty machine from 1.50m to 3.00m cut. Manual or hydraulic side shift, single or double skin hood
- Heavier duty front or rear mount machine with adjustable rear door.
